Oak Street household emergency plan

KEEP THESE DETAILS EASY TO FIND

Immediate danger
Call your local emergency services.

Water interruption
The shared-building shutoff is in the labelled service cupboard beside the community room entrance. Only the building manager or an authorised contractor should operate it.

Meeting point
If residents need to leave their homes, meet at the north gate of the shared garden unless emergency services direct you elsewhere.

Useful contacts
Building manager: 555-0104
Residents committee: 555-0119
Out-of-hours maintenance: 555-0199

Basic household kit
Keep drinking water, essential medicines, a torch, spare batteries, a phone power bank, copies of important contact details and a small first-aid kit.

This fictional document demonstrates how PutBoard can make an important PDF available for preview, download and search.
